

September 26, 2018

Dear Valued Y Member:

Thank you again for your patience and flexibility during our remodel. Construction is in the last phase and **scheduled for completion this week!** We look forward to opening the front entrance, new restrooms, and saunas in the upcoming days. As we place finishing touches on the facility, you may still see some improvements being made to the building.

Please see below for important information:

- MX4 will remain **FREE** to all facility members this fall. Sign up for a class on [MindBody!](#)
- Many of you have taken advantage of the complimentary personal training session offered to each member during the construction. Friday, September 28th is the last day to schedule the complimentary session.
- Beginning October 1st, we will introduce an updated group fitness schedule. Copies of the schedule are available now at the Member Services Desk.
- As we upgrade to the new front desk, we will also be improving our check in system, and you may be asked to take an updated member photo.
- The official ribbon cutting ceremony with SLO Chamber of Commerce will be held in mid October. We look forward to celebrating with all of our members!

Thank you for your Y membership, and we hope you enjoy your new Y!

Sincerely,

Monica Grant, CEO
